FACTS OF GREAT IMPORTANCE!

TO FARMERS OF CANADA AND THE WORLD

THE BRANTFORD LIGHT STEEL BINDER.

ME do not claim to have received a Gold Medal at Paris, although we received two Silver Medals, but we DO CLAIM:—

FIRST—To have defeated the Massey (Toronto) Binder in every competition in the world, where we have met it on an equal footing.

SECOND—During the season of 1889-99, in Australasia, the "Brantford" defeated all the leading binders of the World. See list of victories.

THIRD—In the Australasian competitions the "Brantford" Binder defeated the Massey (Toronto) Six Times; or Every Time the two binders came into competition the "Brantford" was victorious. See list of Victories.

(Toronto) Six Times; or Every Time the two binders came into competition the "Brantford" was victorious. See list of Victories.

FOURTH — the "Brantford" binder replaced every other binder of any consequence made in Canada in 1880. That is, where other makes of New binders failed and were returned, the "Brantford" was purchased and successfully finished the work.

FIFTH —We challenge any one to point to a single in stance where a new "Brantford" has been returned through failure to do its work.

SIXTH—A great many more "Brantford" birders were sold in Canada in 1839 than of any other ways, and as many as were sold by Fourthers of Canada in makers and

OTHER MAKE, and as many as were sold by FOURTEEN other Canadian makers put

SEVENTH—The "Brantford" binder is a "Home" muchine and has a "Home" record without a single defeat in any kind of crop, used by hundreds of satisfied farmers in all the provinces of the Dominion.

EIGHTH—The "Brantford" Binder, as sold "at home," is specially designed and built for home trade, and is particularly adapted to the needs of Canadian farms and farmers. For foreign countries it is built to suit the peculiarities of the land and crop prevailing where it is sold.
